iSite Regional Stamps Retail Roll (New Zealand Stamp Dispenser Box) (July 2016)

There have now been six series of iSite Regional Stamps booklets, or Regional Postage Labels (RPLs), as they were originally termed. These are \$7.00 and \$19.00 booklets from April 2014, \$8.00 and \$20.00 booklets from July 2014, and \$10.00 and \$22.00 booklets from July 2016. These are all listed in the CP Catalogue on Temporary Pages Appendix C1A and C1B.

iSite is New Zealand's official visitor information network with over eighty iSites nationwide. As well as geographical locations ranging from Auckland / Northland & Coromandel, down to the Lower South Island, there was also a series of booklets entitled 'New Zealand Iconic Images', codes: \$10.00 PP6J10BK and \$22.00 PP6T22BK. The ten stamps depicted in these booklets were: Kiwi, Haka, Tuatara, Koru Tree Fern, Kaka, Fern and Sea, Limpet Shell, Tui, Poi Dance, and Fern Frond.

These booklets have now been joined by an Iconic Images retail roll of 100 x \$2.20 stamps, code IS6A22DI. Although stated to have been released in July 2016, we have only recently been able to secure supplies. The ten Iconic Images stamps are repeated through the roll. They are matrix stripped on plain backing paper with distinctively different shaped die-cut perfs. The booklet stamps are booklet matrix intact on booklet cover backing paper.

Ross Dependency Creatures of the Antarctic Seafloor (16 November 2016)

Here is our annual set for New Zealand's Antarctic territory, Ross Dependency. This attractive five stamp set (and near identical miniature sheet), depict five interesting and different invertebrate species from the below zero seawater of the Ross Sea.

Designs

\$1.00 Crinoidea - Stalked crinoid or sea-lilies

\$1.80 Asteroidea - Sea star starfish

\$2.20 Porifera - Sea sponge

\$2.70 Hydrozoa - Hydroid

\$3.30 Pycnogonida - Sea spider

They were designed by Hannah Stancliffe-White of New Zealand Post, Wellington and printed by Southern Colour Print Ltd, Dunedin, by offset lithography in the four process colours, perf 14½x14, on Tullis Russell 104gsm red-phosphor gummed stamp-paper in sheets of 25.

Christchurch 2016 Stamp & Postcard Exhibition (18 November 2016)

This attractive two definitive stamp Exhibition miniature sheet was released by New Zealand Post to commemorate Christchurch 2016 Stamp & Postcard Exhibition. This Show was held 18-20 November 2016 at Addington Raceway, Christchurch. The theme of the Exhibition was aviation in celebration of the centenary of the founding of the Canterbury Aviation Co by Sir Henry Wigram in 1916.

The miniature sheet shows the Fokker Trimotor 'Southern Cross', surrounded by a crowd of 35,000, on 11 September 1928, after the first successful flight between Australia and New Zealand.

The two definitive stamps are \$2.90 Kaikoura and \$3.40 River Avon Christchurch. More interestingly, there is a third stamp in the miniature sheet, the 6d 30th Anniversary of First Trans-Tasman flight 1928 - 1958. This a litho reproduction, incorporating 'SPECIMEN', of S75a 1958 Kingsford Smith, perf 14½. The original stamp was recess-printed, watermarked, perf 14x14½.

The Exhibition miniature sheet was designed by Stamps and Collectables Business New Zealand Post, Wellington and printed by Southern Colour Print Ltd, Dunedin, by offset lithography in the four process colours, \$2.90 and \$3.40 perf 13½x13¾ on Tullis Russell 104gsm red-phosphor gummed stamp-paper

CALs Corner Part 61

by Andrew Dolphin

2017 NZAM

After NZAM's first \$1.00 self-adhesive CAL from November 2016, here is the Auckland based New Zealand Assets Management company (see CALs Corner Part 60 on page 2 of the May 2017 CP Newsletter), second self-adhesive \$1.00 CAL issued January 2017. This a particularly strange looking CAL with (presumably) an NZAM executive holding up two fish in both hands, with the eye of the fish positioned over her eyes. Most peculiar! I guess it means something to someone!

2017 Tui

Continuing her series of excellent New Zealand birds photography is this January 2017 gummed \$1.00 CAL depicting a Tui, from Paula Wilkinson.

2017 Stamp Dealer Don Ion, 1935 - 2015

Thanks to Lois Ion of Rotorua Stamps and Coins, we now have further details of this set of CALs. The \$1.00 self-adhesive CAL shows a black-and-white photo of Don from 1977; the \$1.00 gummed CAL features a colour photo of Don from 2001. First Day Covers and maxicards were postmarked first-day Rotorua 15 Feb 2017. The FDC are inscribed 'Celebrating a milestone in philately, New Zealand's longest running philatelic stamp-dealer 1952 - 2015'.

2017 Ryman Healthcare, Bert Sutcliffe

A \$1.00 self-adhesive CAL has been released February 2017 featuring a black-and-white action shot of Bert Sutcliffe, 1923-2001, the famous New Zealand cricket legend. The CAL has been produced by Ryman Healthcare to commemorate the opening of the Ryman Healthcare Bert Sutcliffe Retirement Village in Birkenhead, on Auckland's North Shore.

2017 HMNZHS "Marama".

A \$1.00 self-adhesive CAL has been released by Steven McLachlan of Shades Stamp Shop Ltd, Christchurch to commemorate the centenary of the visit of HM New Zealand Hospital Ship "Marama" to Timaru on 9 March 1917. The "Marama" arrived back in New Zealand from Europe with wounded NZ soldiers in 1917, and proceeded to disembark the invalided men in Auckland, Wellington, Lyttelton, Timaru and Port Chalmers. First Day Covers and maxi-cards were produced 24 February 2017 Timaru 7910.

1898 Pictorials - Forged Perforations

We have recently been advised of two instances of forged perforations on two different stamps from the 1898 Pictorials series.

The first from Mr Rod Addison of Tasmania, Australia is a copy of the perf 11 E3a 1900 1d White Terrace, purporting to be irregular compound perf, one side perf 14. All of these 1900 printings from the Government Printer, Wellington (F1a, E3a, E4a and E6a) were only perfed using the perf 11 gauge. Examination of the stamp, a heavily used copy with Auckland postmark, reveals the lower row of forged perf 14 horizontal perfs to be most irregular and uneven, both in spacing and ruling.

1898 Pictorials - Forged Perforations (cont.)

The second forged perfs stamps are from Mr Nic Hendy of Auckland who showed us no fewer than seven copies of the perf 14 E4b 1907 1½d Boer War Contingent, trying to pass themselves off as E4c compound perf 11 & 14. All seven are fine condition unhinged mint, comprising six copies, two pairs and two singles, with the vertical rows of perf 11 forged over the original lines of perf 14; and a top selvedge single irregular compound perf, one side perf 11. This has the top horizontal selvedge row and the vertical rows the correct perf 14, this time with the forged horizontal lower row perf 11 forged over the original horizontal line of perf 14.

Our advice for any CP Newsletter reader considering buying a rare stamp (E4c being Catalogued UHM \$4000 each!) from anywhere other than a reputable NZSDA dealer is to get a RPSNZ Expert Committee Certificate of Genuineness. Absolutely essential!

More Outstanding Major Modern Errors

- 100(a) P1a 1970 ½c Glade Copper Butterfly lower selvedge block of eight with startling solid horizontal black doctor-blade across lower two stamps (this is so 'solid' when we first saw it we thought it was a black marker-pen line!) **UHM \$150**
- (b) P1a 1970 ½c Glade Copper Butterfly lower right corner selvedge block of eight with black doctor-blade as above, through stamps and selvedge (also PV1c R8/20 and R9/20 retouches from Plate 1A) **UHM \$175**
- (c) P1a 1970 ½c Glade Copper Butterfly lower selvedge block of 16 with black doctor-blade petering out to the left **UHM \$125**
- (d) P30a 1971 4c overprint a full width sheet strip of twenty with left and right selvedges, with amazing diagonal shift of 4c & bars overprint. This starts out far left with 4c lower left of stamp & bars top right, before gradually disappearing downwards off the stamp, and then reappearing at the top of the stamp from stamp position seven, still gradually descending until far right stamp is normal! We have never seen anything like this! A stunning overprint error **UHM \$3000**
- (e) P30b(u)(p) 1972 4c overprint block of ten, a small piece of foreign matter over the sheet has affected three stamps during the overprinting process, as follows:
stamp 3 – '4c' only, no bars
stamp 4 – 'c' only, no '4'
stamp 8 – surcharge missing, no '4c', only tiny trace of bars
Spectacular! **UHM \$2500**
- (f) TM38a(y) 1966 Health 3d Bellbird miniature sheet, triple perfs: two misstrikes of the perf head have produced extra perf lines and double perfs at left, including vertically perforated vertical left selvedge **UHM \$1250**
- (g) T38b(w) 1966 Health 4d Weka double perfs, left selvedge block of ten with double perfs horizontally and extra strike vertically **UHM \$1000**
- (h) T38b(w) 1966 Health 4d Weka, Harrison and Sons Ltd London Plate 1A plateblock of ten, double perfs and extra perfs, as above **UHM \$1500**

NZ Unhinged Mint Selection

Starting this month a listing of Mint New Zealand, from an original untouched 'old-time' collection, which has probably not seen the light of day for many decades – this produces many wonderfully fresh shades in bright and vivid colours – and all UHM!

Full Face Queens

- 113(a) A1q(3) (SG132a) 1871-73 1d brown with extended plate wear, Large Star wmk, perf 12½, full original gum without hingemark, light toning (Cat. \$550).....UHM \$300
- (b) A2t (SG138) 1873 2d vermilion, no wmk, perf 12½. This is a quite remarkable stamp, fresh vivid shade, well-centred with good perfs, full original gum which has not been hinged – it looks like it has been purchased today, not 144 years ago...UHM \$500
