Auction Report

by Andrew Dolphin

Saturday 11 August 2018 was the occasion of Auckland City Stamps Public Auction Number 15. This was a most successful auction with 47% of the lots sold, producing total sales of \$339, 957, including Buyers Premium.

The undoubted highlight of the Full Face Queens section was lot 440, a fine mint three-margin copy of A6b (SG6) 1857 Richardson blue paper, no wmk, imperf 1/- green. This is such a rare stamp with only a few mint copies known and has a Cat. of \$100,000. This realized \$18,000 (estimate \$20,000).

Equally impressive was lot 523 one of the finest mint 4d rose FFQ extant. A4a(1) (SG119) is Cat. \$7500 and this fine well-centred stamp with great colour (ex-Burrus), estimated at \$4000 was eventually knocked-down for \$7594!

Another good realization was lot 482: a four-margin mint copy of A5a(11) (SG14) 1859-61 Richardson white paper, no wmk, imperf 6d pale brown. With a Cat. of \$6000 and an estimate of \$3000, this sold for \$5175.

Finally in the Chalon Heads lot 450 was also from this Richardson printing and was the 1d dull orange A1d(1) (SG8). This four close to good margins mint stamp had a BPA Certificate, is Cat. \$8500, an estimate of \$3250, and realized \$2925.

Two Full Face Queen covers also produced good realizations: lot 947 was a rare 1862 Registered cover Wellington to Dunedin, franked two 2d blue imperfs and two 6d yellow-brown imperfs. This was the earliest recorded use of the handstruck Registered markings applied in New Zealand for franked covers (ex- Stanley; Elliott; Hackmey). Estimated at \$3500, this realized \$5288.

And lot 951 was a scarce 1864 local Dunedin cover bearing A2h(z) 2d dull deep blue thick white paper no wmk, perf 13: \$3150 (estimate \$3500)

Moving to more recent stamps lot 679 was a plate-block of eight of O3a(y) 2d Kaka-beak yellow colour omitted on the lower four stamps. Being a plate-block the plate-number which should read 1111, but with the yellow plate-number missing this was only 111. This has a basic Cat. of \$4000 but with a premium for the missing plate-number, had an estimate of \$2500 and sold for \$2250.

From the same 1960 Pictorials series lot 677 was O17a(z) 2/6d Butter making with missing yellow in a block of six, the top four error stamps turning the bright yellow butter into an unpleasant looking white block of lard! Cat. \$5000; estimate \$3000: realized \$4613.

Auction Report (cont.)

In commemorative errors we have S84a(z) lot 665 the 1959 Red Cross no Red Cross on flag error. CP Newsletter readers will recall we offered a top selvedge example of this major missing colour error in June; here we had a lower selvedge copy, Cat. \$7500, estimated at \$5000: knocked-down for \$7425! (Thus of the twelve known copies CP/ACS have offered two of them in the space of three months!)

Four years later in 1963 we have another famous missing colour error: S91a(z) 1/9d Railways again missing the red colour, lot 672. This error produces a 'value-less' stamp, ie no '1/9d' denomination, and turns the striking red diesel-electric DG Class locomotive into an insipid pale yellow one. Stated to be one of only sixteen known. Cat. \$5000; estimate \$3750: sold for \$3375.

Health issues continue their recent resurgence of popularity with virtually every lot in the Health section sold. Highlights were:

- lot 774 1931 imperf Smiling Boys proofs on NZ Post & Telegraph Dept letterhead promotional leaflet: \$1238 (estimate \$1000)
- lot 780 1933 Pathway FDC – the first Health illustrated first day cover envelope: \$2504 (estimate \$2500)
- lot 787 1958 TM30a(z) 2d miniature sheet with the lower half of M/S unprinted (Cat \$3000): \$1485 (estimate \$1500)
- lot 790 1962 T34b(z) 3d orange background colour omitted. This came in a right selvedge strip of five: two complete omissions and one large part. In addition to the stamp's background becoming white, the Tieke loses its dark orange wing feathers, now perching on yellow fruit. There are twelve known copies so this lot represented two out of the twelve. (Cat. \$8000): \$7032 (estimate \$7000)
- lot 795 1966 T38b(z) 4d missing sepia (grey-brown). Another 'value-less' stamp, with no '4d' or '1d', or '1966', and causes the Weka (no 'Weka' also) to appear brown. There are about 24 of this error known; it is Cat. \$5000 : \$3600 (estimate \$4000)

Turning to the Arms type Fiscals a lovely mint 35/- orange-yellow Z45a, lot 857, Cat. \$10000 sold above estimate at \$8663 (estimate \$7000).

And in Stamp Duty Revenues a long piece from 1928 bearing huge margins Gold high-values of £11000, £6400, £8200, £10500 and £8000, plus Queen Victoria Long Types £1000 and £300, lot 935, fetched \$3375 (estimate \$3750)

Lastly, but by no means least, is the outstanding lot in this Auction: lot 902 as illustrated on the Auction front cover. From 1923 this is a large law document bearing Queen Victoria Long types £300, £40 and 30/-, alongside the same stamps with FINE PAID overprints: £300, £40 and 30/-. There are ONLY TWO recorded examples of the £300 FINE PAID and the £40 FINE PAID. Estimated at \$10000 this fine and rare item was eventually knocked-down for \$11813.
